2021 SUMMARY REPORT:

HHS Region 10
Governmental Public Health Workforce
ACKNOWLEDGEMENT & CITATION

The Public Health Workforce Interests and Needs Survey (PH WINS) was developed by the de Beaumont Foundation and the Association of State and Territorial Health Officials to understand the interests and needs of the state and local governmental public health workforce in the United States, and was fielded in 2014, 2017, and 2021. For more information, visit www.phwins.org.

ABOUT THIS REPORT

This report summarizes key findings about the governmental public health workforce in HHS Region 10 from the 2021 Public Health Workforce Interests and Needs Survey (PH WINS).

• Key findings are organized by the main sections of PH WINS 2021:
  • Demographics
  • Workforce Characteristics
  • Staying & Leaving
  • Training Needs
  • Engagement & Satisfaction
  • Well-being
WHAT IS PH WINS?

Public Health Workforce Interests and Needs Survey

- PH WINS, a partnership between the de Beaumont Foundation and the Association of State and Territorial Health Officials (ASTHO), was fielded in 2014, 2017, and 2021.

- **First and only nationally representative source of data** about the governmental public health workforce.

- Supports the governmental public health workforce in **understanding their strengths and gaps** and informs future investments in workforce development efforts.
2021 METHODS

- PH WINS 2021 was distributed via web survey to 137,446 state and local governmental public health workers:
  - 47 state health agencies
  - 29 big city health departments
  - 259 local health departments
- The PH WINS 2021 instrument had five domains: workplace environment, COVID-19 response, training needs, addressing public health issues, and demographics.
- One important change in 2021: non-permanent employees of centralized state health agencies were included in the nationally representative data set.
SETTING DEFINITIONS

- **States** setting includes respondents in a State Health Agency Central Office.

- **Big Cities** setting includes respondents in a health department that is a member of the Big Cities Health Coalition.

- **Other locals** setting includes respondents in local health departments with staff>25 and serving a population>25,000.
  - This includes local health departments in HHS Regions V and X as well as local health departments in other regions.
NATIONAL PARTICIPATION

- Nationally, the survey was completed by 44,732 individuals, for a **35% response rate**.

- Response rates varied by frame:
  - **States**: 34%
  - **Big Cities**: 28%
  - **Other locals**: 52%
    - **Locals in Regions V and X**: 56%

*HHS Regions V and X participated in the PH WINS for All pilot programming, recruiting all locals in those regions, regardless of size, to participate in PH WINS.
NATIONAL PARTICIPATION

• Nationally, the survey was completed by 44,732 individuals, for a 35% response rate.

• Response rates varied by frame:
  • SHA: 34%
  • Big Cities: 28%
  • Other locals: 52%
    • Locals in Regions V and X*: 56%

*HHS Regions V and X participated in the PH WINS for All pilot programming, recruiting all locals in those regions, regardless of size, to participate in PH WINS.

The Region 10 workforce accounts for 6% of the national governmental public health workforce.
2021 KEY FINDINGS: DEMOGRAPHICS

• PH WINS respondents self-reported demographic (personal) characteristics like their gender, race/ethnicity, and age.

• Respondents also self-reported the highest level of education attained and whether they have a specialized degree in public health.
DEMOGRAPHICS

- 78% of the Region 10 workforce self-identifies as a woman.
- 70% of the Region 10 workforce self-identifies as White.
DEMOGRAPHICS

• **More than half** of the Region 10 workforce is between the **ages of 31 and 50 years.**

2021 KEY FINDINGS: WORKFORCE CHARACTERISTICS

- PH WINS respondents were asked a series of questions related specifically to their job and the work they do, including:
  - Supervisory status
  - Job role
  - Tenure in public health overall, at their agency, and in their current job.

- Respondents also reported full-time/part-time status and salary information.
SUPervisory Status/job role

- Nearly 80% of Region 10 staff work in a non-supervisory role.

- 51% of staff worked in a public health sciences job role, which includes program staff, epidemiologists, and contact tracers, among others.
More than half of the Region 10 workforce is distributed across three primary program areas:

- **Communicable Disease**
- **Organizational Competencies**, including administrative support, workforce development, and other business services.
- **Other Health Care**, including certain clinical services, immunizations, mental, oral, and school health, and substance misuse.
More than half of the Region 10 workforce in 2021 had served at their agency for 5 years or less.

10% had served 21 or more years.
2021 KEY FINDINGS: STAYING & LEAVING

• PH WINS respondents were asked a series of questions related to their intent to leave or stay at their agency and whether the COVID-19 pandemic affected their decision.

• Respondents were also asked to select reasons why they intend to stay or leave.
INTENT TO LEAVE/STAY

- More than a quarter of Region 10 employees are considering leaving their organization within the next year.

- 27% reported that the COVID-19 pandemic impacted their decision to stay or leave.
  - Among those who intend to leave, 40% said the pandemic impacted their decision (data not shown).

**Impact of COVID on Staying & Leaving**

REASONS FOR LEAVING/STAYING

• Understanding employees’ reasons for leaving is critical for improving recruitment and retention.

• **Top reasons for leaving** among Region 10 staff who intend to leave include:
  
  - **Work overload/burnout** (reported by 43%)
  - **Lack of advancement opportunities** (reported by 37%).

2021 KEY FINDINGS: TRAINING NEEDS

• PH WINS respondents were asked to rate the day-to-day importance of and their own proficiency with 25-26 skill items, tailored for their supervisory level.

• Skills were collapsed into 10 strategic skill categories.

• A training need is a skill item reported as having high importance, but low proficiency.

• Identifying training needs can help support strategies to produce T-employees, or those who have depth in technical skills and breadth in strategic skills.

The top 5 areas of training needs **across all supervisory levels** are:

- Budget and financial management
- Systems and strategic thinking
- Community engagement
- Change management
- Justice, equity, diversity & inclusion
The top 5 areas of training needs among non-supervisors are:

- Budget and financial management
- Change management
- Systems and strategic thinking
- Community engagement
- Justice, equity, diversity & inclusion
The top 5 areas of training needs among supervisors, managers, & executives are:

- Budget and financial management
- Systems and strategic thinking
- Community engagement
- Justice, equity, diversity & inclusion
- Policy engagement
PH WINS respondents were asked to rate their agreement with several statements related to:

- Job, organizational, and pay satisfaction
- Perceptions about their workplace
- Perceptions about their supervisors
- Perceptions about their organization
• The Region 10 workforce is largely satisfied with their job (81%) and organization (74%).

• 64% are satisfied with their pay.
PERCEPTIONS ABOUT ORGANIZATION

- In Region 10, the staff’s overall perceptions of their organizations are positive.
- However, there is room for improvement:
  - More than half (53%) of the workforce agrees that creativity and innovation are rewarded.
  - 52% agree that employees can fully use technology.
The 2021 PH WINS survey included questions specifically about employees’ mental and emotional well-being.
WELL-BEING

• More than a quarter of Region 10 staff rate their mental health as either “poor” or “fair.”
2021 KEY FINDINGS: HEALTH EQUITY CONCEPTS

The 2021 PH WINS survey asked respondents to rate their level of awareness of and confidence in applying five health equity concepts:

- Health Equity
- Social Determinants of Equity
- Social Determinants of Health
- Structural Racism
- Environmental Justice
HEALTH EQUITY CONCEPTS:
HEALTH EQUITY

- **80%** of the Region 10 workforce rated their **awareness** of Health Equity as a **lot**.

- **51%** of the Region 10 workforce is **very confident** in applying the concept of Health Equity to their work.
HEALTH EQUITY CONCEPTS: SOCIAL DETERMINANTS OF EQUITY

- 51% of the Region 10 workforce rated their **awareness** of Social Determinants of Equity as a **lot**.

- 32% of the Region 10 workforce is **very confident** in applying the concept of Social Determinants of Equity to their work.
HEALTH EQUITY CONCEPTS: SOCIAL DETERMINANTS OF HEALTH

• **73%** of the Region 10 workforce rated their **awareness** of Social Determinants of Health as **a lot**.

• **51%** of the Region 10 workforce is **very confident** in applying the concept of Social Determinants of Health to their work.
HEALTH EQUITY CONCEPTS: STRUCTURAL RACISM

- 65% of the Region 10 workforce rated their awareness of Structural Racism as a lot.

- 38% of the Region 10 workforce is very confident in applying the concept of Structural Racism to their work.
HEALTH EQUITY CONCEPTS: ENVIRONMENTAL JUSTICE

• **50%** of the Region 10 workforce rated their **awareness** of Environmental Justice as **a lot**.

• **27%** of the Region 10 workforce is **very confident** in applying the concept of Environmental Justice to their work.
